Janie,

It's been a pleasure working with you too and keep up the great work as you help respond to the ITC incident. Thank you for the kind words and don't be a stranger.

All the best,
Anne

Anne,

It has been an honor to work under your leadership the last 15 months. HQ is gaining an amazing leader that will continue to move EPA's mission forward. Thanks for all you have done for R6 in all aspects, but mostly the transparent way you lead. It truly made a difference. I look forward to watching your career of public service continue to make a difference.

Sad, I didn't get to say a personal good bye today, I am on response to the ITC incident command post as one of the PIOs. Great work being done by EPA here.

Congratulations and Blessings!
